THE LEGACY OF THE LEXUS F MARQUE

On the occasion of the 10th anniversary of the Lexus F marque, it seems fitting to reflect on the origins of this iconic performance brand.

Borne through an unyielding desire to achieve performance perfection, the F Marque is inspired by the famed Fuji Speedway. Drawing on every element of this world-renowned racetrack, the F Marque truly demonstrates Lexus' passion for flawless driving dynamics. Working in harmony with Lexus' reputation for innovation, refinement and Takumi-crafted quality, each of Fuji's 16 corners influenced 'F' in some shape or form. The most iconic of them – the first corner, 27R – inspired the 'F' badge design, a symbol seen across the entire Lexus F Sport range.

The quest for driving perfection and performance has been achieved by re-engineering pure driving pleasure from the ground up. Welcome to the next step. Welcome to F.

The acclaimed V8-powered RC F coupe and GS F sedan, the third and fourth models to launch from the Lexus 'F' division, have been re-released to celebrate the F Marque's 10th anniversary. Infused with the DNA of the original LFA supercar, these new Limited Edition models reflect the best of the F Marque with their uniquely crafted interiors, stunning exterior accents, performance features and exclusivity.
